A Horrible Fire and a Challenge issued

When Middletown, a small community in Northern California, was struck by a raging fire, Fire Family Foundation within hours created the Middletown Relief Fund. But the fund gained momentum, when the California Credit Union League issued a challenge!

100% of funds raised will support the firefighters and fire victims who lost so much.

This year,

Fire Family Foundation

- Anticipates distributing nearly \$200,000 in assistance.
- The Foundation is the charitable hand of Firefighters First Credit Union, but the Foundation is taking the Credit Union to places and people that have never before been impacted or touched by the Credit Union.
